The Story So Far...

Throughout the years, our intrepid heroes Golden Gates, Silver Span, and Copper Chip had adventures all across the city. They fought nefarious villains and made friends in the hopes of creating a better tomorrow for their home of San Francisco. However, these changes had disrupted a certain changeling hive...

Baroness Blaze and her changelings faced off against the three siblings and, in a chaotic battle, an evacuation pod was launched into space carrying our three heroes! The three have been on a perilous mission to return home and return their city to its rightful state once and for all. In the meantime, the city has been left to reminisce on the good old days of Silver Span's wily puns, Copper Chip's technical achievements, and Golden Gate's helpful guidance.

This year, join us as we take a trip down Memory Lane...

Welcome to BABSCon!

I am so happy to have you back with us after the past few years. It's certainly been a journey since our first event in April 2014. We've missed out on seeing each other for a few years during this time – but now all of us are back and excited to welcome you to this year's BABSCon!

But, it's no thanks to me – it's thanks to all of you, our amazing attendees, artists, vendors, guests – that support us with registrations, sponsorships, merch purchases, and most importantly, by simply coming and being here for the convention. That is the reason everybody on staff works so hard to put on an unforgettable event, and why we are so mission-driven to bring all of YOU an extraordinary experience for just this small amount of time in April. Without YOU, our wonderful attendees, we would cease to exist. It's a fact that I hold very near and dear to my chest. YOU are the reason we have a convention. YOU make us everything we are today. YOU are the very heart of the con that keeps it going.

I also want to thank our incredible team of staff members who work hundreds of hours before, during, and after BABSCon to plan, create, and bring to fruition their ideas, dreams, and wishes. Our shared goal is to make your experience the best it can be – no matter who you are or what you look like. After all, our staff are con attendees just like you – who work to better and improve BABSCon for us all.

Truthfully, I do very little as the chair – no – that credit goes first to our attendees, who support, attend, and bring life to BABSCon...and second, to every single one of BABSCon's staff members who work tirelessly to bring all of our shared dreams to life.

And so, with that I say, welcome! Welcome every single one of you to BABSCon 2023. I invite you with open arms to come and enjoy our little slice of life for just a few days. I invite you to go and make friends, experiences, and memories that last a lifetime.

Your humble servant,
Stephen

About Our Charity

Since 2014, Trans Lifeline has been providing community based support to the LGBTQIA+ community. Envisioning a world where trans people of all ages, ethnicities and fiscal backgrounds can have care, economic security and most of all, connection, Trans Lifeline dedicates themselves to giving anyone under the trans umbrella peer to peer support through their multiple hotline services and microgrants.

Their main hotline – run by trained volunteers under the trans and nonbinary umbrella – provides confidential support to any trans or trans questioning person, whether in crisis or not, in both the US & Canada. For those who want to support their trans loved one, Trans Lifeline also has a Family and Friends hotline that can help educate people on how to provide support to their trans loved one and trans community.

Outside of their hotline services, Trans Lifeline has given relief to the fiscally challenged members of the trans community with their Microgrant programs, covering the fees that come with wanting to update their legal documents (such as state IDs, passports, birth certificates, etc), as well as their 'Inside Advocacy' grant that gives mutual aid to trans folks that are or have been incarcerated. Partnering with other organizations, Trans Lifeline also has their Trans Migrant Partnership Program, providing direct services to trans migrants, to which they were able to distribute nearly \$41,000 dollars (disbursed in \$1000 microgrants respectively) in 2021 alone to support immigration costs, updating names and/or gender markers on said immigration documents, and legal fees during the immigration and asylum processes.

Through multiple, community based channels, Trans Lifeline is striving to bring a safer community to all who fall under the trans umbrella, advocating for those who have been wrongfully disenfranchised or discriminated against for who they are, where they come from, or what they can or can't do.

Our Code of Conduct

By purchasing a badge to BABSCon 2023 and participating in this event, you are agreeing to follow the rules outlined here and on our website.

General Rules

Please be respectful to Attendees, Guests of Honor, Community Guests, Cosplayers, Musicians, Press, Hyatt Regency SFO Staff, and Convention Staff.

BABSCon is a convention suitable for all ages. As such, excessive use of profanity is prohibited in convention areas.

Appropriate clothing, as defined in our General Dress Code, must be worn while in public areas. In other words: naked is not a costume.

Smoking of tobacco products, use of e-cigarettes, and use of other vapor producing devices are allowed only in designated smoking areas.

Public consumption of alcohol is prohibited outside of designated areas on Hyatt Regency SFO grounds.

All Hyatt Regency SFO Policies, Burlingame Ordinances, California State Laws, and Federal Laws of The United States of America must be adhered to at all times.

Partaking of Medical and Recreational Marijuana is allowed only in the designated smoking areas by Hyatt Regency SFO Policy.

Children under the age of 14 must be accompanied at all times by a parent or legal guardian.

While the majority of BABSCon's events and panels are suitable for all ages, access to some events and panels may be restricted due to content or other considerations. All attendees present at a limited access event or panel must meet admittance requirements.

Failure to comply will result in the attendee being removed from the event.

Service Animals

Service Animals and Emotional Support Animals are not pets, they are working animals. Therefore, there are some simple Rules of Conduct that we expect our attendees to follow:

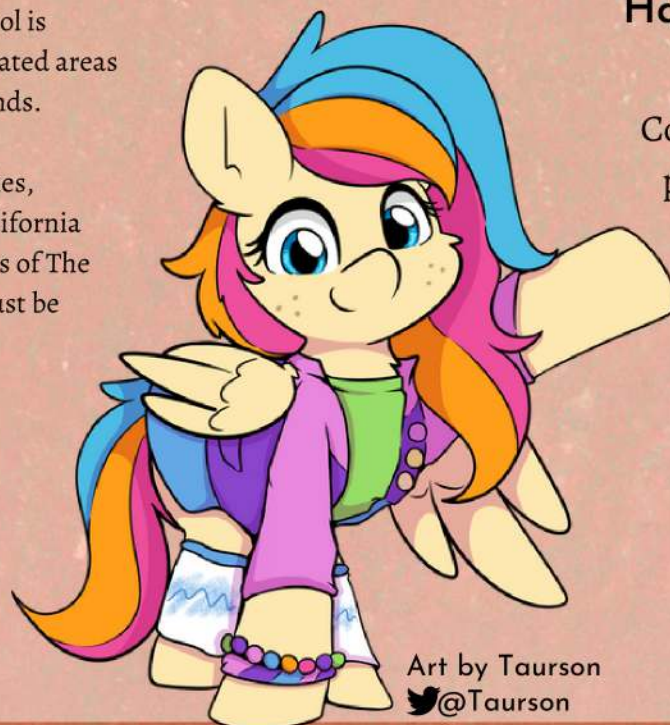

Please do not pet, call, reach for, offer treats to, or otherwise distract these working animals.

If you wish to compliment the handler on their animal, please direct the compliment to the handler, and not to the animal.

Please remind your Foals, and Friends, that these animals are working. No matter how cute they are; these working animals are not available to be interacted with, unless the handler gives the initial offer.

Katrina Salisbury
Yona the Yak

In addition to voicing the most excitable of the Student Six, Yona the Yak, on My Little Pony: Friendship is Magic, Katrina Salisbury has used her considerable talents for characters including Nico Niyama on Kiznaiver, Inmate 43B on Tooth and Tail, and Angela on Tobot.

Sarah-Nicole Robles
Luz Noceda

Sarah-Nicole Robles got her BFA in Acting at Carnegie Mellon before moving to LA. She is currently voicing Luz Noceda for Disney's The Owl House. She can also be heard on Nickelodeon's Billy Dilley's Super-Duper Subterranean Summer, Dreamworks' Boss Baby: Back in Business, Disney's Star Darlings (developed and story-edited by MLP's own Amy Keating Rogers!), and Olaf's Frozen Adventure. On camera she can also be seen on episodes of NCIS LA and Grey's Anatomy.

Charlotte Fullerton
Writer

Charlotte (Fullerton) McDuffie is a Writer who is beloved by MLP fans for her episodes of Hasbro's My Little Pony: Friendship Is Magic, especially her Emmy-nominated song, "May the Best Pet Win!" She is also well-known for her many contributions to Cartoon Network's enormously successful Ben 10 franchise, as a Writer of its multiple TV series' incarnations and accompanying videogames, chapter books, and comics.

G.M. Berrow
Writer

Gillian "GM" Berrow has been a fixture of the My Little Pony world since early in Generation 4, during which she wrote almost all the chapter books, plus writing several episodes of Friendship is Magic, Equestria Girls, and Pony Life (the last of which she also story edited). But she's really upped her game in Generation 5 by co-writing the screenplay for the movie, A New Generation, and developing the MLP Make Your Mark series for Netflix. She's also written for Lauren Faust's DC Super Hero Girls, Rescue Heroes, and more!

About Our Capital Campaign Drive

As we continue to emerge from the events following COVID-19, BABSCon has been hard at work to ensure that we are transparent and proactive about our position as a nonprofit convention. Thus began the Capital Campaign Drive. BABSCon partnered with Indiegogo and set up several tiers of sponsorship to help the convention maintain a better financial standing, that we might continue to grow and thrive this year and the next.

With the community's help and support, we managed to raise enough funds to regain a strong footing for the new year. We look forward to putting on another strong year as your Bay Area Brony Convention!

Thank You! Let's have a great year!
